## Week 3 – Project: Mixtape

Choose approximately ten songs or thirty minutes of sound that you would use to introduce yourself to somebody – what Sheffield classifies as the "You Like Music, I Like Music, I Can Tell We're Going To Be Friends" mixtape. To make this as easy as possible, we ask that you create your mixtape as a "Playlist" in Soundcloud.

Tips:

1. In Soundcloud, look under "Collection" for "Playlist"
2. Add songs by clicking on an individual track and adding to your "Playlist"
3. Tag with #GeoSounds #week3
4. Generate embed code via Share button and embed on the CourseBlog following guidelines for how to post a Project [post as **New+ "Project"** [not as "Post"] and mark **Project Type: "Mixtape"** and **Project Tag: "Bard"**]

Deadline: February 15, 11:55 PM.
